### **Location and surroundings**

This part of the chalet dates from 1721 and has kept its charming farmhouse character thanks to careful extension and renovation. The chalet stands at the entrance to Bonderental, one of Adelboden's tiny side valleys. As well as oozing with character, (sometimes felt on a low-hanging beam!), the chalet offers excellent, fully-furnished accommodation with modern sanitary facilities, a central heating system supplying plenty of hot water and warmth. Next to the chalet is a large playing field with a barbecue area, table tennis table and plenty of space for fun and games or simply relaxing. Parking space for 8-10 cars around the chalet.

This section of the chalet is completely self-contained and separate from the neighbouring section. The two sections can be linked with a connecting door if required.
